

PUBLIC LEDGER

FIFTH YEAR.

MAYSVILLE, KY., TUESDAY, JUNE 23, 1896.

ONE CENT.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls

Upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Suppers,

excursions, fairs, or other public entertainments where a fee is charged, and for obituary notices, resolutions of respect, etc., THE LEDGER will charge FIVE CENTS A LINE, and hereafter this will be the invariable rule. This, however,

Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Local in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—32 times—the bill is \$16. When he finds it out there is a "kick" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, no "bill forbids" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

The Bellevue Browns were defeated in a hotly-contested game at Portsmouth Saturday. Score, 5 to 3. Best pitched a wonderful game for the Browns. They desire to secure games for the Fourth of July; Chillicothe, Ironton or Maysville preferred. Here's a chance for another scalp, Manager Cox.

IT WENT OFF.

And Took the Ends of a Thumb and Four Fingers.

It was dynamite!

Gilbert Johnson Lewis, colored, lives in Grave alley.

About a year ago he had picked up a "thimble" and carried it into the house where it had been lying about ever since.

This morning he began an investigation.

He took a needle and began picking the "chalk" out of this thimble, as he wanted to use it for a ferrule.

It was a dynamite cartridge!

It went off.

And so did the thumb and two fingers of the left hand and the ends of the thumb and index finger of the right hand.

He walked to Dr. C. C. Owens's office where several fingers were amputated.

He displayed the greatest "nerve," refusing even a drink of whiskey, and never whimpered under the most painful operations.

Mr. John W. McKellup, brother of Mr. M. E. McKellup, died at his home at Vanceburg Friday, at the age of 61.

Mrs. Sallie Martin, living near Aberdeen, who has been suffering from gangrene of the hand, had her arm amputated near the elbow Sunday.

WAS KNOWN HERE.

Has Many Relatives and Friends in the City and County.

Martinsville (Ind.) Republican.

Word has just been received here of the death of Mrs. B. H. Burton of Wilcox, Cal., June 10th. She was formerly Miss Anna Tarleton, daughter of Dr. "Jack" Tarleton of Johnson county, and she was well known here. Her marriage was solemnized here at the residence of Dr. R. H. Tarleton, her uncle, some seven years ago. She was very popular here in Martinsville, being gifted with unusual accomplishments. Her husband is a banker. She leaves a child ten days old.

Mrs. Burton will also be well remembered here in Maysville when ten years ago, as Miss Anna Tarleton, she visited her uncle, W. H. Tarleton of this county, and other relatives in this city, where she endeared herself to all by the loveliness of her character and the rare sweetness and gentleness of her disposition. All who knew her mourn the loss of one of earth's fairest and loveliest.

Silverites

Fairly gloat over our Silverware—it's so rich looking they can't see why our silver isn't just as good as gold. It is better for table use—better for knives and forks and spoons—better than gold for all these things. Silver Pitchers, Silver Cream Jugs, Silver Sugar Bowls, Silver Salvers, Silver Forks, Silver Spoons, Silver Butter Dishes, Silver Pickle Jars, Silver Ambon Dishes, Silver Tea Services, Silver Toilette Accessories, Silver this and Silver that.

The inventory of the personal estate of the late John Norris shows a value of \$10,078.46, of which \$9,741.46 is in cash.

It is now thought that the venerable Conrad Rudy, who fell out of a window at his residence on West Second street a week or so since, sustained internal injuries. He is unable to get up without assistance.

Dr. W. R. Hefflin, Second Assistant Physician at Lakeland, is not idle by any means. There are 580 patients to be looked after each day, and some of them more than once daily. It will please the Doctor's friends here to know that he is regarded very highly by the officers of the Institution.

J. HENRY PECOR.

THE PARSON WAS PUZZLED.

Feared He Had Blundered in the Marriage Service.

Chicago Post.

The clergyman was nervous. There could be no question about that. His duties were at an end, but he hung around the receiving party and his actions showed that he was in trouble. He appeared to be endeavoring to convince himself that everything was all right, but without success.

Finally he tapped the young man in knickerbockers on the shoulder and led him to one side.

"Pardon me," he said shifting uneasily from one foot to the other, "but there is a matter of some delicacy that I wish to speak to you about."

"Yes!" returned the young man, inquiringly.

"Yes," replied the clergyman. "I trust you will take no offense. It is a trifle unusual, but—"

"Was the wedding fee too small?" asked the young man, as the clergyman hesitated.

"Not at all, not at all," returned the clergyman promptly. "You see, the fact of the matter is that at the last minute I became somewhat confused—bewildered, as it were, by the novelty of the situation—and I would like to be assured that I got everything all right."

"Why, of course you did."

"When it came to the question of love, honor and obey, you know, I was afraid I—"

The clergyman paused for a minute and then he blurted out:

"You're the groom, aren't you?"

"Certainly."

"Then it's all right, and you have no idea how that relieves me. You see, I have never officiated at one of these bloomer weddings before and I was afraid I might have made a mistake."

OLD BUT EVER NEW.

Story Good Enough to Bear Retelling at Any Time.

Weekly Telegraph.

There is an old story, but a good one, of two painters who were employed to fresco the walls of a cathedral, and both stood on a rough scaffolding constructed for the purpose some forty feet from the floor. One of them was so intent upon his work that he became wholly absorbed, and in admiration stepped back from the picture, gazing at it with intense delight. Forgetting where he was, he moved still further back, surveying the work of his brush, until he had neared the edge of the plank upon which he stood.

At the critical moment his companion turned suddenly and, almost frozen with horror, beheld his imminent peril. Another instant and the artist would be precipitated upon the pavement beneath. If he spoke to him it was certain death; if he held his peace, death was equally sure. Suddenly he regained his presence of mind, and, seizing a wet brush he flung it against the wall, splattering the beautiful picture with unsightly blotches of coloring. The painter flew forward and turned upon his friend with fierce upbraidings, but, startled at his ghastly face, he listened to his recital of danger, looking shudderingly over the dread space below, and, with tears of gratitude, blessed the hand that saved his life.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
